

*It's been quite a journey. The skills of assimilating information quickly and using it, rather than repeating it, will serve you well in all of life's endeavors.*

*We appreciate those of you that have worked on the homework yourself and taken the time to actually learn the material. We hope some of you have also realized that paying attention, reading notes, and doing homework can be useful and, even, enjoyable.*

No homework due (no kidding) - Adair/ DeHaan/ Murray
